LINEAR "CITY OF ATLANTA" DISABLED OFF CAPE HATTERAS

Savannah, Oct. 5.—The Ocean Steamship Company's liner City of Atlanta, which sailed from Boston for Savannah Saturday, is proceeding slowly to this port after an accident to her machinery off Cape Hatteras. She is expected here tomorrow.

"My house is so well organized," said Mrs. de Graw, "that I don't go into my kitchen once in a week."

"That's the pleasant way she puts it," her husband explained. "As a matter of fact, she's afraid of her cook."

### THE COMMUNITY WORK WILLIAMSTON MILLS

MEETING WAS HELD THERE YESTERDAY AFTER-NOON

### WINTER GARDENS

Were Discussed By Mr. S. M. Byars—Work is New at This Mill But Going Good.

There was a meeting at the Williamston Mills yesterday afternoon under the direction of Miss Maggie Garlington, who has charge of the community work which has just been inaugurated there, for the purpose of getting the people interested in fall and winter gardens. The attendance was good and much interest was manifested.

Miss Garlington had charge of the meeting and after a short talk about the community work and her plans for the future she introduced Mr. S. M. Byars, county demonstration agent.

Mr. Byars subject was the "Fall and Winter Gardens." He advised all of those who could to plant a small garden and told them about the vegetables that it would be best to raise at this time of the year. He talked about preparation of the land and the best fertilizers to use and the cultivation after the seed had come up.

After Mr. Byars' speech, Mr. W. M. Sherard, superintendent, on the part of the mill, stated that the company would furnish all the rape seed that any of those wishing to join the club wished to use. It was stated that about 15 had joined the club and that more will join a few days.

This is the first year for the community work at Williamston and much interest is being shown. A bungalow has recently been fitted up where Miss Garlington will have her office and where a library will be furnished.

### ANOTHER GOOD PLAY PRESENTED LAST NIGHT

Small But Appreciative Audience Saw "The Boss" By Norene St. Clair Company.

Last night at the Anderson the Norene St. Clair company offered "The Boss," a play of the southwest, to a small but appreciative audience. The play was given in a first class manner and the character were handled with merit. The part of Val Brandon, a gambler, by Mr. Pollock was a very clever part, and was played in a clever manner. The comedy was furnished by Miss Norene St. Clair, and as Mrs. Doppelbinger, a German lady, with a broad dialect, was more than unusually funny. Miss Lois Francis as Julia Barnot was indeed good in a part that is not as prominent as some. Mr. Beaubien as Shackelford, a scheming rascal was more than good and added greatly to the success of the performance. Mr. Foster as Tom Lopez was good, and the Messrs. Murray, Meyer and Summers handled their respective parts in an exceptionally competent way. Miss Emolise as Paquita, a Mexican Senorita was very fetching, in a very vivacious way. The specialties by the team of St. Clair and Meyer and the Harmony Four were received with numerous encores, and they responded generously.

A matinee will be given today, and the play will be "Thorns and Orange Blossoms," Bertha M. Clay's most famous novel dramatized. The doors will open at 3:30 o'clock and the play starts at 3:30 sharp. Admission children, ten cents, and adults, twenty cents. The play tonight will be "Peaceful Valley," made famous by the late Sol Smith Russell.

This without doubt is the best repertoire company that has played Anderson in many years, and weather permitting, will be greeted with crowded houses. This company will be here all week with complete change of program nightly.

### EXPLOSION CAUSES FIRE ON DESTROYER CUMMINGS

Newport, R. I., Oct. 5.—An explosion occurred this morning in the forward compartment of the torpedo-boat destroyer Cummings engaged in war maneuvers off the coast. Two men were badly burned by oil flames from the fire which followed. The fire was soon extinguished, and the vessel immediately started for Newport. It is expected here late today.

### GENERAL ELECTRIC CO. PLANT AT STANDSTILL

Schenectady, N. Y., Oct. 5.—Virtually the entire plant of the General Electric company is tied up as a result of the strike for an eight-hour day begun yesterday. Two hundred eastern makers quit this morning. The city is quiet.

### New York Stocks

Wall Street, Oct. 5.—Losses marked the opening for the first time in over a fortnight. Heavy selling which made yesterday's late dealing irregular was resumed, American car dealer's stock, others of this class one to three. Mid-session was strong but the advantage was lost when some war shares, broke violently. Bandwin locomotive, Crucible steel, and General Electric were five to ten down.

### TEACHERS OF COUNTY TO MEET SATURDAY

FIRST MEETING ANDERSON COUNTY TEACHERS ASSOCIATION

### FULL ATTENDANCE

Is Urged by Supt. Felton Both of Teachers and Those Who Intend Teaching.

Mr. J. B. Felton, county superintendent of education yesterday announced that a meeting of the Anderson County Teachers association would be held Saturday in the auditorium of the West Market school building at 12 o'clock for the purpose of discussing plans for the schools this winter.

This association is composed of all the teachers in the county, and Mr. Felton is especially desirous of having a full attendance. He also urgently invites those who will teach this winter to attend also and join in the affairs that will be discussed. Definite plans for the meeting Saturday have not yet been disclosed but the president of the association will be present and will most likely have speakers present who will talk about school room work and problems that confront the teachers.

Last winter, or rather last session, about seven or eight different meetings of the association were held and they proved of much benefit. At these meetings the teachers discuss various problems and advice together as to the best means of overcoming difficulties. Through the association much good can be accomplished of a permanent nature and Supt. Felton urgently requests that all of the teachers and all prospective teachers attend.

### FEDERAL JUDGE REFERS TO LYNCHING OF FRANK

Tells N. Y. Grand Jury Incident Was Culmination of Years of Indifference.

New York, Oct. 5.—The lynching of Leo Frank, although not designated by name, was made the basis of a portion of the charge today of the new federal grand jury by Judge William B. Sheppard of Pensacola, sitting here to relieve the congested docket. He said: "That outrage committed in a southern state was the culmination of an indifference existing there for more than twenty years. Lynchings have become so common there that little intention is paid to them."

### 25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on tant life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

### Operation Not Needed

Mrs. W. A. Barnes, who lives in Ballard, Calif., has sent to the Pinus laboratories a very strong endorsement of Frutola and Traxo. In her letter, Mrs. Barnes says: "Doctors say gall-stones cannot be cured without an operation, costing much money as well as unnecessary suffering. I am cured, I know, and this is proof positive, and my friends know that such is the case." Frutola is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural manner. A single dose is usually sufficient to clearly indicate its efficacy. Traxo is a splendid tonic alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation. Traxo should be taken three or four times a day following a dose of Frutola to strengthen and restore the weakened, run-down system. For the convenience of the public, arrangements have been made to supply Frutola and Traxo through leading drug stores. In Anderson they can be obtained at Evans' Pharmacy, three stores.

### The Buyer's Best Friend

The best friend of the careful buyer is the advertisement in the local paper. It is the arrow that points the way to better buying. It is a foregone conclusion that when a merchant goes to the expense of advertising certain goods those goods are well worth the price and will stand up under the most rigid inspection. If it were other wise the merchant would hardly be calling attention to them. He would simply resort to the shady trick of "working them off" on some unsuspecting dupe. Very few buyers have the time to look all over town before making their purchases. Life is too short for that. They must have the goods, and without unnecessary loss of time in making their selections, and it is but natural that they should turn to the advertising pages of the local paper for such advance information as may be obtained before starting out in their quest. Thus it is that the merchant who advertises his wares, and keeps his best offerings in the public eye, has the advantage of the man who never advertises, and draws business to his store which otherwise might drift into other places. It is good for the merchant and it is good for the buyer, for it enables the merchant to dispose of his goods at a reasonable profit, and enables the buyer to make the purchases he desires to best advantage without loss of time. And if there is a special bargain offered it enables the buyer to take advantage of the opportunity instead of going to some other place where a higher price would prevail. Advertising has been reduced to a science, and those who benefit from it are not found only in the camp of the advertiser. The buyer shares equally in the benefits through the saving of time and the securing of the articles he desires at a minimum price. Success comes to those who seek it, and economical buying is one of the surest means to that end. Watch the ads—Bellefontaine, S. D. Bee.
